#### Abstract

Our Individual Packed Lunches, Feast Boxes and Buffet Set Menus are made to order and the contents of each varies according to the customers requirements and availabilty of products on any given day. Pre-packed items such as drinks and crisps detail the ingredients and any allergens on the labels from the supplier. For any allergen information for our own products, please refer to the relevant allergen sections within this document.

To check the allergen contents of any of our filled-baguettes, filled minicroissants or salads please be sure to check each constituent part such as the bread type, ANY/ALL fillings and all sauces or dressings.

Most of our food is freshly prepared in store, where allergens are handled by our team members and where equipment and utensils may be used for multiple items, including those containing allergens. Although your meal is prepared with care, we cannot guarantee it will be 100\% allergen free.

If you are in any doubt whatsoever, or for anyone with severe allergies, please consult with a member of our team prior to ordering.
